

The Implementation Experts

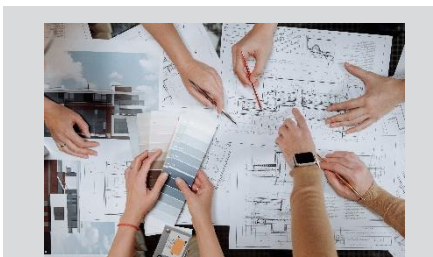

Overstrained organizations, complex projects, bottlenecks or not enough resources? GroNova is here to bridge, strengthen, support, provide special know-how and drive organizations forward. We specialize in providing interim and project management services to medium-sized and larger companies. Our expertise lies in bridging operational business needs and managing complex projects. With over 900 successful mandates for over 200 clients, we have built a strong track record. Our extensive Skillpool® consists of > 5,500 experienced interim managers, project managers, and implementation experts, ready to assist you whenever you need them. Since 1998, we have been dedicated to supporting businesses like yours.
